# HAND PUPPETS

1 BEGIN!

Start from back. Fold corner-to corner so that you have crease lines in an X shape.

2 FOLD!

Fold over corners so that they touch the middle point of the X.

3 FOLD!

Continue folding over corners until all 4 corners are folded in and you can see the printed side.

4 FLIP & FOLD!

Flip paper over to the blank side. Fold over corners so that they touch the middle crease point.
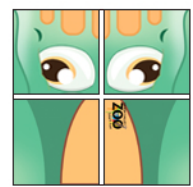

5 FOLD!

Continue folding over corners until all 4 corners are folded in and you can see the printed side.

6 FLIP!

Flip paper over to the printed side.

7 FOLD!

Fold paper in half both ways to give the puppet its shape.

8 DONE!

Put your fingers in the back of the puppet and pop out the sides.
