

## Volunteer Opportunities

### Construction & Maintenance Volunteer

Do you have experience working in construction, mechanics, plumbing, or general handiwork? We are in the process of updating and beautifying our zoo grounds and structures and could use the skills of those with backgrounds in these area.

If you are interested in volunteering with our maintenance department please email [klerch@lvzoo.org](mailto:klerch@lvzoo.org) with a description of your area of expertise and skillset. Thank you!
